A Touchstone Energy® Cooperative 

Let us keep the light on

As winter draws ever closer, the days continue to get shorter, and we have less time to spend outside.

Maybe you want to play an extra game of basketball. Perhaps you have guests coming over who need to see how to get to your door. Outdoor lighting can add security to your home and also extend the time you have to spend outside.

Central Electric offers several lighting options to meet your needs, including the standard LED model, floodlights, street lighting and the more decorative town and country fixture.

For more information, or to find out how you can add security lighting on your property, visit the "Member Services" tab at CEMCPower.com or call 919-774-4900 today.
