## **Unclaimed Capital Credit Distributions**

**9/03/2019**

Central Electric is a cooperative, owned by the people we serve. They are more than customers. Here at Central, we call them "members" or "member-owners."

One way ownership is reflected is through capital credits. These are members' share of what's left over after we have paid the costs of delivering power, and set aside appropriate funds for emergency situations and regular growth projects. When we are financially able to do so, these capital credits are distributed to members. That means the member-owners financially share in the successful operation of the cooperative. Capital credits are one of the tangible benefits of being served by a co-op.

Between 2009 and 2018, Central Electric has retired more than \$11 million in capital credits for the service years of 1982 through 1999. Often, members who are entitled to capital credit distributions have moved and it is difficult to locate these individuals. If a capital credit check is returned to us or remains uncashed, we make every effort to locate the person entitled to the check.

Below is a list of individuals who currently have an unclaimed capital credit check that Central Electric is holding. Please review the list of unclaimed capital credits below. If you see your name or the names of family or friends, please have them contact the cooperative at 919-774-4900 and ask to speak to a representative in the accounting department. We appreciate your assistance in helping us ensure that everyone receives their capital credit benefit.

Thank you,

Central Electric Membership Corporation
